Comprehensive Interdisciplinary Implant Continuum

Course Directors

**Rick Ferguson DMD**
Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is the Director of Implant Educators which runs a seven month program teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the ICOI, an Associate Fellow of the AAID, clinical assistant professor at the University of Florida and a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 18 years. He is currently in private practice in Davie, Florida.

**Arthur Acker DMD**
Dr. Arthur Acker lectures throughout the U.S. on implant related topics. He is a Diplomate of the ICOI, a Master in the Academy of General Dentistry and an adjunct professor at The University of Florida. He is Co-Director of Implant Educators and currently has a private practice in Venice, Florida.

**Katherine Ferguson DMD**
Dr. Katherine Ferguson is a Diplomate of the ICOI and a Fellow of the Academy of General Dentistry. She is a clinical assistant professor at The University of Florida and a visiting lecturer at The University of Miami. Dr. Ferguson served a tour of duty as a dentist in the U.S. Army at Ft. Benning Georgia and was a co-director for an implant training course in Dallas, TX. She is a co-founder and Co-Director of Implant Educators and is in private practice in Davie, Florida.

**Clinical Director - Dwight Pate DMD**
Dr. Dwight Pate has been in private practice in Auburndale, Florida for 26 years with an emphasis on complex, restorative and implant dentistry. He is very interested in the application of technology to improve outcomes, especially in relation to implant dentistry. He is the founder of the study club in Polk County, Florida and has given numerous presentations on restorative and implant dentistry. He is a Diplomate of the ICOI, an adjunct professor at The University of Florida and Clinical Director of the Implant Educators Comprehensive Continuum.
Course Description and Expectations

Learn to predictably treat your patients using dental implants. You will be encouraged to bring cases for review and you will benefit from one-on-one treatment planning. Our instructors will guide you in your acquisition of the knowledge and confidence to treat your own cases from start to finish. You will learn to use CT guided surgical techniques, participate in hands-on model workshops and observe and place implants in live surgeries. Upon completion of this course you will understand why, when, and how patients can benefit from dental implant treatment.

Participants will be expected to demonstrate competency on all hands-on exercises and quizzes. Each participant will bring cases for treatment planning and review. Live surgeries will be observed or assisted at each session. Observation and assistance in live surgeries are required; dates will be announced at the first session. Attendees should also bring a laptop computer for CT guided software training.
2015

Comprehensive Interdisciplinary Implant Continuum

Testimonials

“Dr. Ferguson and his team are always available to help when we need it. They have made it possible for me to incorporate implants into my practice in a big way....”
— L. Craig Alford DMD
Charleston, SC

“Thanks to taking your course, I have placed approximately 30-35 implants and I am enjoying the restorative options implants offer my patients.”
— Dr. William J. Kinzler DDS, MAGD, FICOI
Seminole, FL

“Just wanted to say thank you for a great course. Yesterday I did an extraction and an immediate implant on tooth #8. This morning I did my first guided surgery case. It went perfectly! Tomorrow, I’m taking an impression for 5 implants on another patient. Just wanted to say thanks again.”
— Josh Bernstein DDS
San Francisco, CA

“Dear Dr. Ferguson, I did a couple of implants, using surgical stents. Went well. I have so much confidence and I am stress free when I do implants now, like doing crowns. Thanks for the curriculum.”
— Lilian S. Ong DDS, MAGD
Los Angeles, CA
